

Range Officers' (RO) Course, Bendigo Ranges, Saturday 6 April 2024

Thank you for your interest in becoming an RO.

Please advise your attendance to vra@vra.asn.au

The course programme for 6 April is as follows:

0930-1000 Arrive, introductions

1000-1200 NRAA RO Handbook – contents and understanding

1200-1300 Closed book test on the handbook

Please download and study the RO Handbook at the following link:

<https://nraa.com.au/range-officer-accreditation/>

Before you arrive at Bendigo you will need to read it and note any part that you don't understand or have questions about. We will go through the Handbook in detail, and finish with a test. I will mark the test and advise you individually of your result before you leave. However, the tests are then independently audited by the NRAA Chief RO, Peter Hulett. Once he has confirmed the results, I will let you know, and you can act as an RO immediately. Subsequently, the VRA will print and distribute your RO cards.

I look forward to seeing you on the 6th

Peter Turner
